Letter No. Dis.xxxx952.493 C4/51 d/31.1.52.

Sir,

Sub:- Inland fisheries - Development in Puthur Kasba - Private tank of Sri Surpangla Subbaraya Bhatt of Moodadi - taking over by this department - proposals - Submitted.

One Rural Fishery Demonstration Unit is functioning at Puthur in South Kanara for a long time. The unit has been in need of a suitable tank to serve as a demonstration-tank. Though a tne Asst. Director of Fisheries, Mangalore has been making attempts to select a suitable tank his attempts were not so far successful, as no suitable pomboke or private tank was found. A suitable tank belonging to a private party has however now been located and the Asst. Director has submitted proposals for taking over that tank by this Department for tne purpose of fish farming.

The tank in question is a private tank belonging to Sri Surpangla Subbaraya Bhatt, Moodadi, Aryappu village, Puthur (South Kanara Dt.). It is situated at a distance of 4 furlongs from tne Parkadga Road at a distance of 1½ miles from Puthur. It is a perennial tank with water spread area of 60' x 45' throughout the year with a mimimum water level of 3 feetx in the height of summer and more during the remaining parts of the year. The tank has got 3 small outlet pipes and the mouths of tnese have to be covered with wire nets to prevent the escape of fishes from the tank. It is best suited for fish farming and a quantity of not less than 1000 lbs of fish can be expected from the tank annually without any difficulty.

The owner of the tank is not interested in conducting fish farming in the tank by himself but is willing to hand over the tank to this department for pisciculture. Copy of the consent statement obtained from him is enclosed. (enclosure 1)

The expenditure and receipts per annum in respect of taking over this tank for pisciculture as estimated by the Asst. Director of Fisheries, Mangalore are as follows:-

I year.

Expenditure:

Recurring expenditure

Fishing and stocking charges		Rs.45- 0- 0
Other contingencies	...	15- 0- 0
Wages for part time watcher @ Rs.2/ p.m.	...	24- 0- 0
	Rs.	84- 0- 0

Receipt:

Sale proceeds of 1000 lbs of fisn at Rs.0-8-0 per lb.	...	Rs.500- 0- 0

P.T.O.

The expenditure and receipts for the II, III, Iv, & V the years will be same as those for the Ist year with an increase in production and revenue by a small percent.

In view of the fact that the tank is best suited for pisciculture and a good net profit can be expected annually in addition to the possibility of carrying out much propoganda by demonstrating to the public the actual fish farming and its manifold benefits, I request that the proposals may be accepted and sanction accorded for taking over of the tank for a period of five years by this department to serve as a demonstration tank. I enclose necessary draft rules under section 6 of the Indian fisheries Act 1897 (Act IV of 1897) for taking over the tank and I request that these draft rules may also be approved.

K

I solicit early orders of the Government so that the tank may be stocked with suitable varieties of fish.

I agree with the Government's suggestions in the Memo. cited. This Department wants that unauthorised fishing in the tank should be prohibited, and should be made punishable. Since provisions have been made in Government Memo. No. 237 II/28-7 Development dated 16-4-1929, it is enough if the tank is included in the list of waters under the heading "South Kanara District".
